

# Supporting Sustainability of Accelerated Learning

## Strategic Budgeting Workshop for District Teams and School Teams

The team at Project Evident brings decades of experience working in and with districts, state education agencies, and education nonprofits. They have the following expertise:

- Strategic Resource Allocation and Multi-Year Financial Planning
- Evidence-Based Continuous Improvement
- Data and Analytics
- Policy Development and Implementation
- Practice Improvement

[projectevident.org](https://projectevident.org)

Join Project Evident, the Ohio Educational Service Center Association (OESCA), and the Ohio Department of Education and Workforce through its Future Forward Ohio initiative for a FREE workshop to **learn strategies to address immediate budget concerns and better plan for future school years.**

Through this practical, hands-on workshop, participants will:

- Gain an overview of Strategic Budgeting and Resource Allocation
- Use data to identify priorities and make trade-off decisions
- Learn to use evidence to strategically allocate resources and plan for future impact and sustainability

### WHO SHOULD ATTEND:

The workshop is most effective when districts or schools attend as teams. We recommend the team include members with decision-making authority and knowledge of academics and finances (for example, superintendent, CFO, and/or CAO). Workshop content will be tailored for districts/schools that pre-register at <https://bit.ly/2024-budget-workshops>

Have questions about the workshop? Reach out to Megan Hoffman ([mhoffman@projectevident.org](mailto:mhoffman@projectevident.org))
